

## Nimble Surge

We are pleased to announce Nimble Surge, our **proprietary platform for enterprise fulfilment**.

It is time tested, proven and implemented successfully by its creators at Zap Tech.

Based on common sense, it is practicable, easy to understand and appeals to one's intellect and reasoning. **Challenge the status quo, set your house in order and propel it into the next orbit.**

Get to know about and implement our **unique 5 I's** for what it takes to have a strong foundation for every enterprise.

Understand how to bring the team up to speed and in sync with the leadership team's game plan.

Implement proprietary doctrines of **near infinite potential energy and kinetic capabilities** for leadership development.

Understand that **stellar solo performers** are equally coveted for extending their unique and highly respected **islands of excellence**. And that they should be incentivised accordingly.

Set clear priorities and focus on that one thing that matters the most.

Discover our **unique pivot doctrine of achievement**. Pivots that are single, multiple independent, multiple dependent and conditional pivots in keeping with different engagements and requirements.

Within management by SMART objectives, understand that the **what and how of an objective is achievable and to be achieved is pivotal**.

Do a very hard reality check. Share your document when you last did a reality check.

If not done, engage with us for **challenging the status quo** with a series of specific workshops and round tables that will help set your house in order.

And to get ready for **the next orbit which Nimble Surge is designed to take you to**.

Thrive in the next orbit by simply **managing only 3 elements**.

Understand that **perception is the key** to open minds and be in the top spot when buying happens.

**Say what you mean and mean what you say.**

**Check and confirm if you are being understood in keeping with your messaging.**

**Ether – Compass – Platter – Evolved platter, our proprietary process of streamlining the offerings of every enterprise for thriving in the next orbit.**

Offerings that are further refined and evolve to be concentric or radical or both in nature.

Demystify data and draw actions by extracting relevance and implementing decisions for success.

Generate **evolved statements** in keeping with all considerations mentioned above.

Embark upon a journey of **enterprise fulfilment** with our **proprietary customer for life definition**.
